CAMBODIA : ABA set to become third bond issuer on the CSX

Advanced Bank of Asia Limited (ABA Bank), a National Bank of Canada Group member, will become the third bond issuer in the Cambodian capital market after it obtained approval from the National Bank of Cambodia (NBC), it announced on Friday. Insiders have said the move shows that the Cambodian capital market is becoming more attractive to investors. ABA Bank plans to raise 100 billion riel (\$25 million) through its first corporate bonds issued in the Kingdom's capital market. The bonds will have a maturity date of three years with an annual coupon rate of seven to 7.75%. Net proceeds from the bond issuance will be used for operating expenditures as well as growth in the lending business, according to the bank. "[The money] will support rural micro, small and medium enterprises [MSMEs] including women entrepreneurs in Cambodia," the bank said. SBI Royal Securities Plc is the sole financial adviser and underwriter for ABA Bank's landmark transaction. Cambodia Securities Exchange (CSX) Market Operations Department director Kim Sophanita said while companies which list on the exchange are provided a 50 per cent, three-year tax exemption on profit by the government, ABA Bank's entry will boost the attractiveness of the Cambodian stock market. ASIA : Asia markets climb as Fed signals possible rate cut

ASIAN markets largely rose on Wednesday, tracking rallies on Wall Street after the US Federal Reserve (Fed) chief indicated greater openness to lowering interest rates and acknowledged the impact of trade tensions on growth. Speaking in Chicago on Tuesday, Fed chair Jerome Powell admitted that ongoing trade conflicts had dimmed the growth outlook remarks widely seen as opening the door to a potential interest rate cut. "We are closely monitoring the implications of these developments for the US economic outlook and, as always, we will act as appropriate to sustain the expansion," Powell said. The comments signal a shift in the policy of the Fed, which has kept interest rates unchanged this year after a series of hikes last year and previous years. "Powell changed the Fed messaging just enough to avoid signalling a shift from patient to panicked it was music to US investors' ears who have been starved of positive news of late", said Stephen Innes, managing partner at SPI Asset Management. The Dow closed with gains of 2.1%.

In Asia, Tokyo jumped 1.8%, while Hong Kong was up 0.5%. Seoul edged up 0.1% and Taipei climbed 0.3%. Shanghai was flat. (AFP)

CAMBODIA : Officials discuss direct flight from PP to China’s Jilin

Local aviation authorities and officials from the Chinese province of Jilin are discussing the creation of a direct flight connecting Phnom Penh and the northeastern Chinese province. Sin Chansereyvutha, spokesman at the State Secretariat of Civil Aviation, said Tuesday to Khmer Times that Jilin authorities proposed the establishment of a direct flight between Jilin and Cambodia. The proposal was made during a meeting last Monday between Mao Havannall, Minister of Civil Aviation, and Zhang Anshun, the vice-provincial governor of Jilin province. “The vice-provincial governor of Jilin proposed the creation of a direct flight to Cambodia,” Mr Chansereyvutha said. “He wants to promote tourism between the two destinations. He wants more people from Jilin to visit Cambodia and vice-versa.” Mr Chansereyvutha said the proposed route will first be operated as a charter flight. “A direct flight to Jilin will first have to be done through charter flights as this will take significantly less time to set up. To establish regular flights, the airlines from Jilin will have to obtain air service licenses, which takes time”. (Khmer Time)

CAMBODIA : US bilateral trade discussed

A delegation from the US Trade Representative and the US Department of State is visiting Cambodia this week to discuss bilateral trade issues, including automobile standards and the Kingdom’s labour situation. The four-day visit from June 3-7 is headed by Assistant US Trade Representative for the Office of Southeast Asia and the Pacific, Karl Ehlers, and Assistant US Trade Representative for Labor Affairs, Lewis Karesh. During the visit, the delegation met with the Minister of Industry and Handicraft Cham Prasidh and Minister of Commerce Pan Sorasak to discuss issues pertaining to the US-Cambodia Trade and Investment Framework Agreement. During the meeting on Wednesday, Sorasak said the Cambodian government expressed its thanks to the US for its provision of the Generalised System of Preferences (GSP) agreement for the Kingdom’s travel goods exports to the US market. “The US providing tax preferences also attract more of their investors to Cambodia such as Tumi Holdings Inc,” he said. CAMBODIA : Chinese-invested Sihanoukville SEZ is model for SEZ development

Chinese-invested Sihanoukville Special Economic Zone (SSEZ) is a model for the development of Special Economic Zones in Cambodia, Cambodian Deputy Prime Minister Hor Namhong told in an interview. “I think this special economic zone is a model for the special economic zones in Cambodia because it has many factories, 161 factories, creating jobs for more than 20,000 Cambodian workers,” Namhong said after a visit to the SSEZ. “This special economic zone has good features such as canteens for workers, places to train various skills for workers, and dormitories for workers,” he said. The deputy prime minister said the SSEZ also has a single window office for communication between companies in the industrial zone and the customs

and tax offices. “For this special economic zone, I can consider it as the biological child of the Royal Government of Cambodia and the Chinese Government,” he said. According to Namhong, the SSEZ has been playing an important role in promoting Cambodia-China cooperation under the framework of the Belt and Road Initiative, and in the future, the zone’s potential will be bigger. *(Khmer Times)*

VIETNAM : Vietnam’s finance sector at risk

Vietnam's cybersecurity was compromised, posing new challenges in ensuring information safety, especially in the finance-banking sector, state agencies and organisations. The information was released by Government Information Security Commission deputy head Nguyen Dang Dao at an international conference themed Security World 2019 held in Hanoi last week. At the conference, participants focused on Vietnam’s cybersecurity and solutions to strengthen data protection in the public and finance-banking sectors. Major General Dao said cyberattacks, espionage and cybercrime had been on the increase resulting in the theft of state secrets and the destruction of information systems. “There is an increasing number of cybercrime and reactionary organisations operating in a sophisticated manner, causing serious consequences and threatening social order, safety, political stability and national security,” said Dao. This situation was set to become even more complicated and the finance-banking sector would continue to be a target for hackers, he added. *(Asia News Network)*
