CAMBODIA : The CSX representative and the representative of the engaged banks sign the contract

Two cash settlement agents have launched financial services to listed companies, allowing them to raise capital. The cash settlement banks offering special interest rates on loans and fixed deposits are the Bank for Investment and Development of Cambodia, and Canadia Bank Plc. The service was announced this morning at the Cambodia Stock Exchange (CSX). The services provide opportunities for listed companies that seek capital for short term or long term usage to get it at lower interest rates than non-listed companies, officials at the CSX said. Sou Socheat, director general of the Securities and Exchange Commission, said at the event, "If listed companies want to raise capital they must either raise capital by issuing shares or ask cash settlement agents for loans with special interest rates." Jong Weon Han, vice-chairman of the CSX, stated that the incentive shows that the banking and the securities sectors can complement each other, and listed companies will not only earn trust from investors, but also strengthen confidence and cooperation with their partners. BUSINESS & ECONOMIC NEWS

CAMBODIA : Cambodia, Indonesia trade up slightly

Bilateral trade between Cambodia and Indonesia rose moderately last year, reaching \$556 million in value, a 4 percent increase. Although trade with Asean's largest economy is still relatively small, trade officials see great potential in the economic relationship between the countries. Cambodian exports to the island nation rose to \$33 million, a 29 percent increase. Indonesian exports to the Kingdom, by contrast, increased only by 2 percent and were valued at \$525 million. Chuon Dara, secretary of state at the Ministry of Commerce, said he expects bilateral trade to increase substantially in upcoming years. "Indonesian firms are seeking opportunities to invest in Cambodia," he said. "It is time Indonesian companies expand their

businesses and investments in Cambodia. “Indonesian investment and products can satisfy demand in Cambodia. Likewise, I hope Cambodian goods can be exported to the Indonesian market,” he said at the Cambodia-Indonesia Business Forum on Tuesday. (*Khmer Times*)

CAMBODIA : Kingdom attracts 1.2M tourists in Jan and Feb

Cambodia attracted 1.24 million foreign tourists during the first two months of this year, a nearly 10 per cent increase compared to the same period last year, according to a Ministry of Tourism report. Data showed that during the two months, Cambodia attracted 418,572 Chinese tourists, a 31.7 per cent increase compared to the same period last year. The figure showed that Vietnam still stands at number two with 124,266 visitors, followed by Laos with 86,505 visitors. However, tourists from South Korea declined 19 per cent to 72,867 compared to the same period last year. Ministry of Tourism under-secretary of state Top Sopheak said the increase in foreign visitors is due to the Kingdom having a lot of attractive tourism sites. “Political stability, improved infrastructure and peace and safety are main factors attracting more foreign visitors,” he said. Sopheak said the Kingdom currently attracts less Chinese visitors than other countries. “We need to try our best to attract more Chinese,” he said. (*Phnom Penh Post*)

VIETNAM : VN sees a chance to export 20K tonnes of rice to Egypt

Vietnamese enterprises see a chance to export 20,000 tonnes of rice to Egypt, according to the Ministry of Industry and Trade’s Import-Export Department. The department said that it had received a tender notice from the Egyptian Ministry of Supply and Internal Trade. Under the tender notice, the minimum amount is 20,000 tonnes of rice. The type of rice required is short-and medium-grain white rice with 10-12 per cent broken rice. The rice must be harvested in the last crop of last year and meet Egypt’s requirements. The volume of rice will be shipped to Egypt in two phases, from June 1-15 and from June 16-30. The time for bidding is March 30 (before 12pm) and the offer is valid until April 30 (6pm local time – 11pm in Cambodia). The Import-Export Department said this is a big opportunity for Vietnamese enterprises to boost rice export to this market. The department advised the businesses to pay attention to the quality of rice to create trust among customers. On the management side, the Ministry of Industry and Trade will coordinate with ministries, branches and localities to focus on trade promotion and seeking new markets. (*Phnom Penh Post*)

SINGAPORE : KrisEnergy set to draw first drop of oil this year

Singapore-based firm KrisEnergy Ltd, which operates Cambodia’s offshore Block A, claims it will be able to meet its schedule to extract its first drop of oil late this year. The firm has actively prepared all necessary facilities for the production, Ministry of Mines and Energy spokesperson Cheap Sour said on Thursday. Sour said ministry officials met with the firm’s representative to examine progress and make sure its plans will work well and meet the oil production schedule. He said extraction of the first drop of oil will begin late this year, with commercial production scheduled to begin next year. “The development of the main infrastructures for oil production has been organised,” he said, adding that there are four main ones that the firm will need to develop for oil production, including an oil platform, a drilling rig, a production barge, and floating production storage and offloading (FPSO). He said KrisEnergy has contracted many developers and the constructions are currently in progress. The company first became a stakeholder for Block A in 2010, before buying the stake owned by Chevron for \$65 million. KrisEnergy owns 95 per cent of the Apsara oil field in Block A, while the Cambodian government owns the remaining five per cent. (*Phnom Penh Post*)

CHINA : US, Chinese negotiators face ‘large amount of work’

BEIJING said on Thursday US and Chinese negotiators still face a “large amount of work” as they meet for fresh talks aimed at resolving a months-long trade war. US Trade Representative Robert Lighthizer and Treasury Secretary Steven Mnuchin arrived for two days of meetings in Beijing with China’s top economic official Liu He, the first since China put into law new measures seen as an olive branch in their high-stakes stand-off. While US President Donald Trump has voiced hope that he could soon hold a signing ceremony with his Chinese counterpart Xi Jinping, negotiations have dragged on, suggesting substantial differences remain. Liu, Mnuchin and Lighthizer have “made some progress” after holding several phone calls recently, commerce

ministry spokesman Gao Feng said at a weekly press briefing. “But there is still a large amount of work remaining to finish,” he said, adding both sides are “going all out to earnestly negotiate” following the truce struck by Xi and Trump in December. The negotiators will have a working dinner on Thursday before a full day of talks on Friday, Gao said. Liu He will head to Washington next week for more talks. *(Phnom Penh Post)*
