Report of the Board of Directors

The Board of Directors ("the Directors") of Royal Railway Plc. ("the Company") hereby presents its report and the Company's condensed interim financial statements for the three-month and nine-month periods ended 30 September 2023.

Principal activities

The Company is principally engaged in operating railway services including, inter alia, railway freight and passenger services, the provision of substitute transportation by other modes in the event transport by rail is impractical, and the maintenance of railway infrastructure and equipment.

Financial results

The financial results of the Company for the three-month and nine-month periods ended 30 September 2023 were disclosed in the condensed interim statement of profit or loss and other comprehensive income. Refer to pages 9 and 10.

Dividends

No dividend was declared nor paid during the periods and the Directors do not recommend any dividends to be paid as at the reporting date.

Share capital

There was no shareholding structure changes during the periods ended.

Reserves and provisions

There were no material movements to or from reserves and provisions during the periods other than those disclosed in the condensed interim financial statements.

Expected credit losses on trade and other receivables

Before the condensed interim financial statements of the Company were drawn up, the Directors took reasonable steps to ascertain that action had been taken and satisfied themselves that all known bad trade and other receivables had been written off and that adequate provision for expected credit losses on trade and other receivables had been made.

At the date of this report, the Directors are not aware of any circumstances which would render the amount written off for bad trade and other receivables or the amount of the provision for bad and doubtful trade and other receivables in the condensed interim financial statements of the Company inadequate to any material extent.

Assets

Before the condensed interim financial statements of the Company were prepared, the Directors took reasonable steps to ensure that any assets, other than debts, which were unlikely to be realised in the ordinary course of business at their value as shown in the accounting records of the Company had been written down to an amount which they are expected to be realised.

At the date of this report, the Directors are not aware of any circumstances, which would render the values attributed to the assets in the condensed interim financial statements of the Company misleading.

Valuation methods

At the date of this report, the Directors are not aware of any circumstances which have arisen which render adherence to the existing method of valuation of assets and liabilities in the condensed interim financial statements of the Company as misleading or inappropriate.

Contingent and other liabilities

At the date of this report, there is:

- No change on the assets of the Company which has arisen since the end of the financial periods which secures the liabilities of any other person; and
- Except as disclosed in Note 25 to the condensed interim financial statements, no other contingent liability in respect of the Company that has arisen since the end of the financial year other than those in the ordinary course of business.

No contingent or other liability of the Company has become enforceable, or is likely to become enforceable within the periods after the end of the reporting period which, in the opinion of the Directors, will or may have a material effect on the ability of the Company to meet its obligations as and when they become due.

Change of circumstances

At the date of this report, the Directors are not aware of any circumstances, not otherwise dealt with in this report or the condensed interim financial statements of the Company, which would render any amount stated in the condensed interim financial statements misleading.

The results of the operations of the Company for the reporting periods were not, in the opinion of the Directors, substantially affected by any item, transaction or event of a material and unusual nature.

Nothing has arisen during in the interval between the end of the reporting periods and the date of this report, any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors, to affect substantially the results of the operations of the Company for the current reporting period in which this report is made.

Event during and since the reporting period

Since 30 June 2023 and to present, the Company was not able to comply with 3 covenants including Debt Service Coverage Ratio, Operating ratio and Debt to EBITA ratio under the bond guarantee agreement.

The Company communicated the compliance status to its Guarantor on 13 July 2023 and is in the process of amending its financial forecast model as per requirement from the Guarantor. On the basis of its new forecasts, management believes that moving forward, the risk of the covenant being breached is low. On 15 August 2023, the Company submitted the waiver letter to the Guarantor and is awaiting their response. Accordingly, the carrying amount of the guaranteed bond was reclassified to current liabilities.

At the date of this report, Guarantor has yet to respond on the waiver letter.

Items of unusual nature

The results of the operations of the Company for the financial periods were not, in the opinion of the Board of Directors, substantially affected by any item, transaction or event of a material and unusual nature.

The Board of Directors

The members of Board of the Directors during the periods and at the date of this report are:

Name Position

Neak Oknha Kith Meng Chairman

Mr. Raymond Thornton Yager Director

Mr. William Mark Hanna Director

Mr. Paul Clements Director

Mr. Lun Yeng Independent Director

Directors' interests

Except for Neak Oknha Kith Meng, the Chairman, who directly and indirectly holds the Company through Inter Logistics (Cambodia) Co., Ltd., none of the other Directors held or dealt directly in the shares of the Company during the financial periods.

Directors' benefit

During and at the end of the financial periods, no arrangements existed to which the Company is a party with the objective of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in or debentures of the Company or any other corporate body.

During the financial periods, no Director of the Company has received or become entitled to receive any benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by the Directors as disclosed in the condensed interim financial statements) by reason of a contract made by the Company or a related corporation with a firm of which the Director is a member, or with a company in which the Directors have a substantial financial interest other than as disclosed in the condensed financial statements.

Directors' responsibility in respect of the condensed interim financial statements

The Directors are responsible for ensuring that the condensed interim financial statements of the Company as at 30 September 2023, and for the three-month and nine-month periods then ended are prepared, as set out on pages 7 to 46, are prepared, in all material respects, in accordance with Cambodian International Accounting Standard 34, *Interim Financial Reporting ("CIAS 34")*. The Directors oversee the preparation of these condensed interim financial statements by management who is required to:

- Adopt appropriate accounting policies which are supported by reasonable and prudent judgments and estimates and then apply them consistently;
- Comply with the disclosure requirements and guidelines issued by CIAS 34 or, if there has been any
 departure in the interest of fair presentation, ensure this has been appropriately disclosed, explained
 and quantified in the condensed interim financial statements;
- Maintain adequate accounting records and an effective system of internal controls:
- Prepare the condensed interim financial statements on a going concern basis unless it is inappropriate
 to assume that the Company will continue operations in the foreseeable future; and
- Set overall policies for the Company, ratify all decisions and actions by management that have a
 material effect on the operations and performance of the Company, and ensure they have been
 properly reflected in the condensed interim financial statements.

Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the financial position of the Company and to ensure that the accounting records comply with the registered accounting system. It is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors confirm that the management has complied with the above requirements in preparing the condensed interim financial statements.

Approval of the condensed interim financial statements

I, on behalf of the Board of Directors of Royal Railway Plc., hereby approve the accompanying condensed interim financial statements, together with the notes there to, which are prepared, in all material respects, in accordance with CIAS 34, "Interim Financial Reporting".

Signed in accordance with a resolution of the Board of Directors,

ROYAL RAILWAY PLC.

THE INDEPENDENT AUDITORS' REPORT ON REVIEW OF CONDENSED INTERIM FINANCIAL STATEMENTS To the shareholders of Royal Railway Plc.

Introduction

We have reviewed the accompanying condensed interim financial statements as at 30 September 2023 of Royal Railway Plc. ("the Company"), as set out on pages 7 to 46 (hereafter referred to as "the condensed interim financial statements") which comprise:

- the condensed interim statement of financial position as at 30 September 2023;
- the condensed interim statement of profit or loss and other comprehensive income for the three-month and nine-month periods ended 30 September 2023;
- the condensed interim statement of changes in equity for the nine-month period ended 30 September 2023;
- the condensed interim statement of cash flows for the nine-month period ended 30 September 2023;
 and
- other explanatory notes to the condensed interim financial statements.

Management is responsible for the preparation and presentation of these condensed interim financial statements in accordance with the Cambodian International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with Cambodian International Standards on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Cambodian International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express and audit opinion.

Emphasis of Matter

We draw attention to Note 25.1 to the condensed interim financial statements which describes that there are provisions in the existing Concession Agreement specifying concession fees to be paid by the Company to the RGC for the use of the conceded assets from the effective date of the Concession Agreement. The Company's management has performed an assessment of its obligations under the existing Concession Agreement and believed that the obligation to pay the concession fee under the agreement has not yet become effective. The Company's management is continuing its negotiation with the RGC on the new amended Concession Agreement. The Company's management believes the amounts and timing of any economic benefit outflows could not be estimated reliably due to the Effective Date of the agreement has not been determined as of the reporting date. The ultimate outcome of this matter is uncertain and, accordingly, no provision for any liability has been made in the condensed interim financial statements.

Other matter

We draw attention to the fact that we have not reviewed the accompanying condensed interim statement of profit or loss and other comprehensive income for the three-month and nine-month periods ended 30 September 2022, the condensed interim statement of cash flows for the nine-month period and the condensed interim statement of changes in equity for the nine-month period then ended, and any of the related notes and accordingly, we do not express conclusion and any form of assurance on them.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements, are not prepared, in all material respects, in accordance with Cambodian International Accounting Standard 34, "Interim Financial Reporting".

1. Background information

Royal Railway Plc. (previously known as Royal Railway Co., Ltd) ("the Company") is a public limited liability company incorporated in the Kingdom of Cambodia. The Company was originally established under the Registration No. Co. 2874/06E dated 6 April 2006 issued by the Ministry of Commerce ("MOC"). Subsequently, the Company has received the approval from the Council for the Development of Cambodia ("CDC") to be a Qualified Investment Project ("QIP") with a new Registration No. Inv. 0643KH/2014 dated 6 October 2015. On 25 August 2016, the Company obtained a new registration No. 00018504 from the MOC.

The Company operates in railway services under a Railway Concession Agreement ("the Concession Agreement") signed with the Royal Government of Cambodia ("RGC"), represented by the Ministry of Public Works and Transport ("MPWT") in the Kingdom of Cambodia for a period of 30 years over the specific concession assets as stipulated in the agreement. However, the effective date of the Concession Agreement has yet officially determined due to the condition precedent to the effective date has yet to be fully met. As of the date of these financial statement, the Company is still working with the RGC for a new amended Railway Concession Agreement.

The Company's shares of 98.9999% are owned by Inter Logistics (Cambodia) Co.,Ltd, and the remaining 1.0001% owned by Neak Oknha Kith Meng.

The address of its registered office is at Central Railway Station, Russian Federation Boulevard, Sangkat Sras Chork, Khan Daun Penh, Phnom Penh, Kingdom of Cambodia.

As at 30 September 2023, the Company had 809 employees (31 December 2022: 717 employees).

2. Basis of preparation

(a) Statement of compliance

These condensed interim financial statements have been prepared in accordance with Cambodian International Accounting Standard ("CIAS") 34, "Interim Financial Reporting". They do not include all the information required for a complete set of CIFRS financial statements. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company's financial position and financial performances since the last annual financial statements as at and for the year ended 31 December 2022.

These condensed interim financial statements were authorised for issue by the Company's Board of Directors on 14 November 2023.

Notes to the condensed interim financial statements (continued) for the three-month and nine-month periods ended 30 September 2023

2. Basis of preparation (continued)

(b) Significant accounting policies

The accounting policies applied in these condensed interim financial statements are the same as those applied in the Company's annual financial statements as at and for the year ended 31 December 2022.

(c) Going concern assumption

During the nine-month period ended 30 September 2023, the Company generated a net loss of US\$2,769,710 (the nine-month period ended 30 September 2022 (not reviewed): net loss of US\$2,365,736) and generated net negative cash flows from operating activities for the nine-month period ended 30 September 2023 amounting to US\$3,146,498 (for the nine-month period ended 30 September 2022 (not reviewed): US\$1,769,792) and as at 30 September 2023, the Company had net current liabilities of US\$6,233,475 (31 December 2022: net current asset of US\$20,657,216) and accumulated losses amounting to US\$18,060,348 (31 December 2022: US\$15,290,638).

The validity of the going concern assumption fundamentally depends on the ultimate shareholder's continuing to provide financial assistance that is necessary to meet its liabilities as and when they fall due and to maintain the Company in existence as a going concern for the foreseeable future. At the date of these condensed interim financial statements, the ultimate shareholder has confirmed that they will continue to provide sufficient financial support to the Company and there is no reason for the Company's management to believe that the ultimate shareholder will not continue his support.

(d) Use of estimates and judgements

In preparing these condensed interim financial statements, management has made judgements, estimates and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

3. Functional and presentation currency

The national currency of Cambodia is the Khmer Riel ("KHR"). However, as the Company transacts and maintains its accounting records primarily in United States Dollars ("US\$"), management have determined the US\$ to be the Company's functional and presentation currency as it reflects the economic substance of the underlying events and circumstances of the Company.

The condensed interim financial statements are presented in US\$, which is the Company's functional currency. All amounts have been rounded to the nearest dollars, unless otherwise indicated.

Notes to the condensed interim financial statements (continued) for the three-month and nine-month periods ended 30 September 2023

4. Translation of United States Dollars into Khmer Riel

The condensed interim financial statements have been presented in the United States Dollars ("US\$"). The translations of the condensed interim financial statements are expressed in United States Dollars which is the Company's functional currency. The translations of United States Dollars amount into Khmer Riel meets the presentation requirements pursuant to Law on Accounting and Auditing and has been done in compliance with CIAS 21 – The Effects of Changes in Foreign Exchange Rates.

Assets and liabilities are translated at the closing rate as at the reporting date and share capital and other equity accounts are translated at the historical rate. The statements of profit or loss and other comprehensive income and cash flows are translated into KHR using the average rate for the reporting period, which have been deemed to approximate the exchange rates at the date of transaction as exchange rates have not fluctuated significantly during the periods. Exchange differences arising from the translation are recognised as "Currency Translation differences" in the other comprehensive income.

The Company uses the following exchange rates:

Period end		Closing rate	Average rate nine-month	Average rate three-month
30 September 2023 30 September 2022 31 December 2022	US\$1= US\$1= US\$1=	KHR4,122 KHR4,119 KHR4,117	KHR4,107 KHR4,074 N/A	KHR4,133 KHR4,101 N/A

These convenience translations should not be construed as representations that the United States Dollars amounts have been, could have been, or could in the future be, converted into Khmer Riel at this or any other rate of exchange.

Notes to the condensed interim financial statements (continued) for the three-month and nine-month periods ended 30 September 2023

13. Debt securities (continued)

Since 30 June 2023 and as at 30 September 2023, the Company was unable to comply with 3 covenants required for 2nd Corporate bond as follows:

Ratio Name	Formula	Fina	ncial	The Company's ratio			
Raiioname	Formula	requiren	nent ratio	30 June 23	30 September 23		
Debt Service Coverage Ratio	= Cash Flow Available for Debt Service / Total debt service	2	1.2x	0.84	1.1		
Operating ratio	= Net operating income / Total operating revenue	2	95.14%	12.29%	15%		
Debt to EBITDA	= Total debt /EBITDA	≤	9.5x	43.83	25		

The Company communicated the compliance status to the Guarantor on 13 July 2023 and is in the process of amending its financial forecast model as per requirement from the Guarantor. On the basis of its new forecasts, management believes that moving forward, the risk of the covenant being breached is low. On 15 August 2023, the Company submitted their waiver letter to the Guarantor and is awaiting their response as of these condensed interim financial statements.

Accordingly, the carrying amount USD23,929,961 of the guaranteed bond was reclassified to current liabilities.

21. Income tax

(a) Applicable tax rates

In accordance with Cambodian Law on Taxation, the Company has an obligation to pay corporate income tax of either the profit tax at the rate of 20% of taxable profits or the minimum tax at 1% of annual turnover, whichever is higher.

Pursuant to Sub-Decree No. 42 dated 24 February 2022 on Tax Incentives in the Securities Sector issued by the Royal Government of Cambodia, the Company is entitled to reduce half amount of its tax on income within the duration of tax incentive period. In order to get the incentives, the Company needs to submit the request to the General Department of Taxation ("GDT") through the Securities and Exchange Regulator of Cambodia ("SERC").

On 16 December 2022, the Company submitted a letter to SERC for 50% reduction of Tax on Income for the year 2023 onwards. On 8 February 2023, the Company received a notification from SERC that the request was submitted to the GDT. There has been no official approval from the GDT as at the date of the condensed interim financial statements yet.

21. Income tax (continued)

(d) Unrecognised deferred tax

Tax losses incurred in any tax year can be carried forward to offset against profit realised in the following five tax years subject to the following conditions:

- The loss must be recorded in the Annual Tax on Income return and submitted to the General Department of Taxation on time;
- The business objective of the Company must not have changed; and
- The Company must not have received an unilateral tax re-assessment.

Deferred tax assets in respect of the tax losses and temporary differences are not recognised in the condensed interim financial statements because it is not probable that future taxable profits will be available against which the Company can use the benefits therefrom.

(e) Tax contingencies

Taxes are subject to review and investigation by a number of authorities, who are enabled by law to impose severe fines, penalties and interest charges. The application of tax laws and regulations to many types of transactions are susceptible to varying interpretations.

These facts may create tax risks in Cambodia substantially more significant than in other countries. Management believes that it has adequately provided for tax liabilities based on its interpretation of tax legislation. However, the relevant authorities may have different interpretations and the effects could be significant.

23. Related party transactions and balances

(a) Identity of related party

For the purposes of these condensed interim financial statements, parties are considered to be related to the Company if the Company has the ability, directly or indirectly, to control the party or exercise significant influence over the party in making financial and operating decisions, or vice versa, or where the Company and the party are subject to common control or common significant influence. Related parties may be individuals or other entities.

The Company have related party relationships with its substantial shareholders and key management personnel.

Key management personnel are defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Company either directly or indirectly.

The key management personnel include all the Directors of the Company, and certain senior management members of the Company.

Key management have relationships with the Company which are entered into in the normal course of business and on substantially the same terms, including warehouse rental, purchase of goods and services, insurance, telephone expense and other expense, as for comparable transactions with other persons of a similar standing or, where applicable, with other employees. These transactions did not involve more than the normal risk of repayment or present other unfavourable features.

25. Contingent liabilities

1. Concession agreement with the RGC

On 12 June 2009, Royal Railway Cambodia., Ltd. (formally known as Toll (Cambodia) Co LTD) entered into the Concession Agreement (Known as Existing Concession Agreement) with the RGC. There are provisions in the Existing Concession Agreement specifying concession fees to be paid by the Company to the RGC for the use of the conceded assets from the effective date of the Concession Agreement. The Company's management has performed an assessment of its obligation under the existing Concession Agreement with the advice by its legal counsel and concluded that the conditions precedent specified in the concession agreement have not been fully satisfied and both the RGC and the Company have not concluded on the agreed date for the effective date, and therefore, the obligation to pay the concession fee has not yet become effective.

The Company management is continuing its negotiation with the RGC represented by MPWT on the new amended Railway Concession Agreement which has not been finalised as at the date of these condensed interim financial statements yet.

The estimated concession fees payable is contingent to the ultimate outcome of the matters described above and accordingly no provision for any liability has been made in these condensed interim financial statements.

2. Sub lease agreement with the TRAIN SQUARE CO., LTD.

On 5 May 2019, the Company sublease the available space approximately 2,705sqm to the TRAIN SQUARE CO., LTD for the duration of 8 years.

Based on this sub lease agreement, in the event the Company terminate the sublease agreement, the Company shall refund to the TRAIN SQUARE CO., LTD the deposits and other costs incurred for the construction.

The continuity of this sublease agreement is contingent to the favourable outcome of the negotiation on the new amended Railway Concession Agreement as described in note 25.1 above.

3. Diesel damage claims with Kampuchea Tela Limited and Sok Kong Import Export Co., Ltd

On 17 January 2023, there was an incident that took place at Battambang province which caused damage to one locomotive and minimal damage to several fuel tanks approximately US\$136,945.

On 14 July 2023, there was an incident that took place at Sihanoukville province which caused the leak to diesel with minimal damage to one fuel tank approximately US\$66,635 and US\$61,560 for Kampuchea Tela Limited and Sok Kong Import Export, respectively.

Both of the claims have been submitted to the insurance company but has not been concluded as at the date of the condensed interim financial statements by the insurance company yet.

Notes to the condensed interim financial statements (continued) for the three-month and nine-month periods ended 30 September 2023

26. Fair values of financial assets and liabilities

Financial instruments comprise financial assets, financial liabilities and off-balance sheet instruments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The information presented herein represents the estimates of fair values as at the reporting date.

Quoted and observable market prices, where available, are used as the measure of fair values of the financial instruments. Where such quoted and observable market prices are not available, fair values are estimated based on a range of methodologies and assumptions regarding risk characteristics of various financial instruments, discount rates, estimates of future cash flows and other factors.

Cash on hand and with other banks

The carrying amounts approximate the fair values due to the short-term nature of these accounts and these items are not materially sensitive to the shift in the market rates.

Borrowings and debt securities

Borrowings and debt securities issued are not quoted in active market and at their fair value.

The estimated fair value of debt securities is generally based on quoted and observable market prices at the date of the condensed interim statement of financial position. They are not presently traded. The estimated fair values of debt securities are approximate their carrying values based on estimated future cash flows using prevailing market rates.

Other assets and liabilities

Due to their short duration, the carrying amounts of other assets and liabilities in the condensed interim statement of financial position are considered to be reasonable approximation of their fair values.

Fair value hierarchy

CIFRS 7 specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources and unobservable inputs reflect the Company's market assumptions. The fair value hierarchy is as follows:

- Level 1 Quoted price (unadjusted) in active markets for the identical assets or liabilities.
 This level includes listed equity securities and debt instruments
- Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).
- Level 3 Inputs for asset or liability that are not based on observable market data (unobservable
 inputs). This level includes equity instruments and debt instruments with significant unobservable
 components.

Notes to the condensed interim financial statements (continued) for the three-month and nine-month periods ended 30 September 2023

27. Operating segment information

Management has determined operating segments with reference to the reports reviewed by the Chief Executive Officer of the Company that are used to assess the performance and allocate resources. The CEO of the Company assesses the performance and allocates the resources of the Company as a whole, as all of the Company's activities are considered to be primarily dependent on the provision of rail freight services to external customers and its related services representing 87% and 89% of total revenue. Therefore, the Company's management considers that there is only one operating segment. In this regard, no segment information is presented for the periods.

No geographic information is shown as the Company's operating results are entirely derived from its business activities in Cambodia only.
