

របៀបកំណត់ User Token Setting

How to set user token setting

ជាដំបូងសូមចុច "☰" រួចចុច "User Administrations" បន្ទាប់មកសូមចុច "User Token Setting"
Please click "☰" then click "User Administrations" click "User Token Setting"

The screenshot shows the 'User Token Setting' page. On the left is a navigation menu with 'User Administrations' selected, and 'User Token Setting' highlighted in red. The main content area has a search bar and a table of users. The table has columns: User ID, User Name, Email, Mobile Phone, Default Authentication, Push-Authentication Status, Hard Token Status, Hard Token Serial, and Links. The first row is highlighted, and a red box around the 'View' icon in the 'Links' column is pointed to by a red line labeled '2'.

User ID	User Name	Email	Mobile Phone	Default Authentication	Push-Authentication Status	Hard Token Status	Hard Token Serial	Links
ICRC.AUTHORIZE2	Theany Vat	theany168@gmail.com	85510600900	HARDTOKEN	Assigned	Unassigned		
ICRC.CHECKER	Sovat Bun	sovat168@gmail.com	85517286725	HARDTOKEN	Unassigned	Assigned	2954352341	
ICRC.INPUTTER2	Sovandary Sok	sovandary168@gmail.com	85569456789	HARDTOKEN	Assigned	Unassigned		
ICRC.MAKER	Sovat Bun	sovat168@gmail.com	85517286725	PUSH	Active	Unassigned		

សូមចុច "View" / Please click "View"
